About the story: Read the following story to find out about some famous animals that live on Sable Island, which is in the Atlantic Ocean near Nova Scotia.

What did the first horses that came to Sable Island look like? We can only assume that they were much like farm horses anywhere in the world, but the harsh winters on Sable slowly changed the appearance of their descendants. They became smaller and stockier, had short ears, and in winter grew very long hair. Some stallions today have manes and tails so long that they nearly touch the ground.

Most of the horses live in small herds, each consisting of several mares and their foals and a stallion who protects them. The herd is usually led by a mare, but when two herds meet, the stallions trot toward each other, heads held high, tossing their long manes from side to side. Shoulder to shoulder, they push each other and neigh and nip a bit, but then, having proven that they are both powerful and unafraid, they proudly prance back to their herds.

This is what biologists call ritual fighting: it's mostly for show.

English/Grammar Assessment (EO7G)

Rewrite making the necessary corrections.

1. she gave the french book to he and i we used it yesterday and sunday___________________
__________________________________________________________________________

2. the book paper and pencil laid on the table which was a valuable english antique_______
__________________________________________________________________________

3. do you play basketball good asked jim___________________________________________
__________________________________________________________________________

4. he could not hardly see the chalkboard as his eyes were so poor_______________________
__________________________________________________________________________

5. suddenly the great door opened and an uninvited guest comes into the dining hall________
__________________________________________________________________________

6. a pen or pencil are needed for this test do you have one____________________________
__________________________________________________________________________

7. either of the answers are correct________________________________________________
__________________________________________________________________________

Write the plural of the following nouns.

friend__________ guess__________ daisy__________
tray___________ monkey__________ shelf__________
trio___________ potato___________ piano__________
tooth___________ ox_______________ sheep__________
radius___________ glassful__________ woman__________
**List the past tense and past participle of these verbs.**

<table>
<thead>
<tr>
<th>Present</th>
<th>Past</th>
<th>Past Participle</th>
</tr>

Math Assessment Test - (EO7G)

Solve:

1. 0.807 + 0.409
2. 13.5 - 4.69
3. -24 + (-35)
4. -32 - 6

Estimate the answers:

5. 7,563 + 2,697
6. 7,426 - 2,874

Solve:

7. 4 1/5 + 3 2/3 =
8. 567
9. 2 1/3 x 2/5 =
10. -15 x -8 =
11. 8 - (-4) =

12. 5 - 2 1/3 =
13. 47 \sqrt{54.99}

14. What is the standard numeral for 5^3?

15. Round 46,101 to the nearest thousand.

16. Change 0.83 to a fraction.

17. Solve x.  x - 4 = 16

18. Write 32/7 as a mixed number.

19. What is the standard numeral for (3 x 1,000) + 0 + (4 x 10) + 7

20. What is the G.C.F. for 18 and 30.

21. Find the reciprocal of 16.

22. What is the circumference of the circle. Use 3.14 for \( \pi \)

23. Fred ran 3 km on Monday, 4 km on Tuesday, and 3.5 km on Thursday. How far did he run that week?
24. Oranges cost 2 for $0.79. What is the cost of 6 oranges?

25. A square rug measures 4 m on each side. What is the perimeter of the rug?

26. A box has the following dimensions 3 cm, 4 cm and 5 cm. What is the volume of the box?

Solve

27. $8,507$
28. $1/2 + 3/4 + 3/16 = $
29. $16 \times (-2) = $
30. $3,629$

30. What is the value of the underlined digit in $547,276$?
